

National Aeronautics and Space Administration

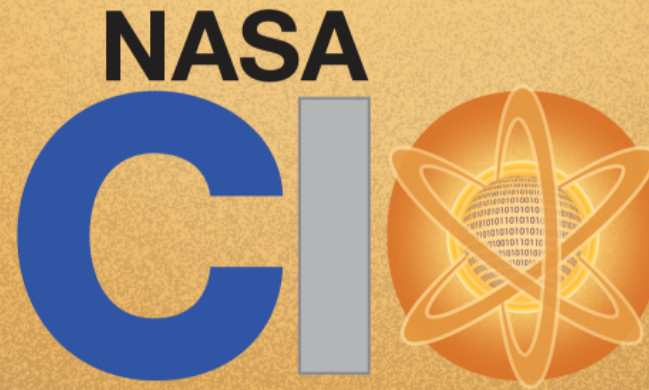

National Cyber Summit Huntsville, AL

Renee P. Wynn

NASA Chief Information Officer

June 6, 2018

Our Founding Directive

- 51 U.S.C. 20112(a)(3) - includes as one of the functions of the administration “provide for the widest practicable and appropriate dissemination of information concerning its activities and the results thereof”
- 51 U.S.C. 20132 - provides that “[t]he Administrator shall establish such security requirements, restrictions, and safeguards as the Administrator deems necessary in the interest of the national security”

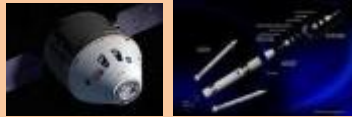

How NASA's Newest Planet Hunter Scans the Sky

TESS, the Transiting Exoplanet Survey Satellite, is NASA's newest exoplanet mission. TESS will find thousands of new planets orbiting nearby stars.
