Terms and Conditions

Print

9. **Indemnity.** You agree to defend, indemnify and hold Cisco, its subsidiaries, and affiliates, and their respective officers, agents, partners and employees and Cisco's suppliers, harmless from any loss, liability, claim, or demand, including reasonable attorneys' fees, made by a party arising out of or related to: (i) your use of the Services or the Sites(s); (ii) your breach of this Agreement; or (iii) your Content.

10. **Disputes.** If there is any dispute about or in any way involving the Sites(s) or the Services, you agree that the dispute shall be governed by the laws of the State of California, USA, without regard to conflict of law provisions and you agree to exclusive personal jurisdiction and venue in the state and federal courts of the United States located in the State of California, City of San Jose.

11. **Costs and Fees.** Except where you are expressly advised otherwise during the course of your use of the Site(s) and/or Services, the Site(s) and Services are provided at no charge. You are solely responsible for any costs and expenses you incur as a result of your use of the Sites(s) or the Services. You agree that Cisco may later require users to pay a fee to continue to use the Services or to use the Sites(s).

12. **General.** Subject to that, this Agreement constitutes the entire agreement between you and Cisco regarding the use of the Services and the Sites(s). The failure of Cisco to exercise or enforce any right or provision of this Agreement shall not operate as a waiver of such right or provision. The section titles in this Agreement are for convenience only and have no legal or contractual effect. This Agreement operates to the fullest extent permissible by law. If any provision of this Agreement is unlawful, void or unenforceable, that provision is deemed severable from this Agreement and does not affect the validity and enforceability of any remaining provisions. The parties are independent contractors under this Agreement and no other relationship is intended, including a partnership, franchise, joint venture, agency, employer/employee, fiduciary, master/servant relationship, or other special relationship. Neither party shall act in a manner which expresses or implies a relationship other than that of independent contractor, nor bind the other party.

Stud-group3-Jun2017
Introduction to Cybersecurity

This is your course. There may be other courses in the future.

Global Academy

Next time use your e-mail address as a login and the password you've set to login at: www.netacad.com

Part 2: Taking the Course

To start the course click on its name. Once inside the course there are several options:
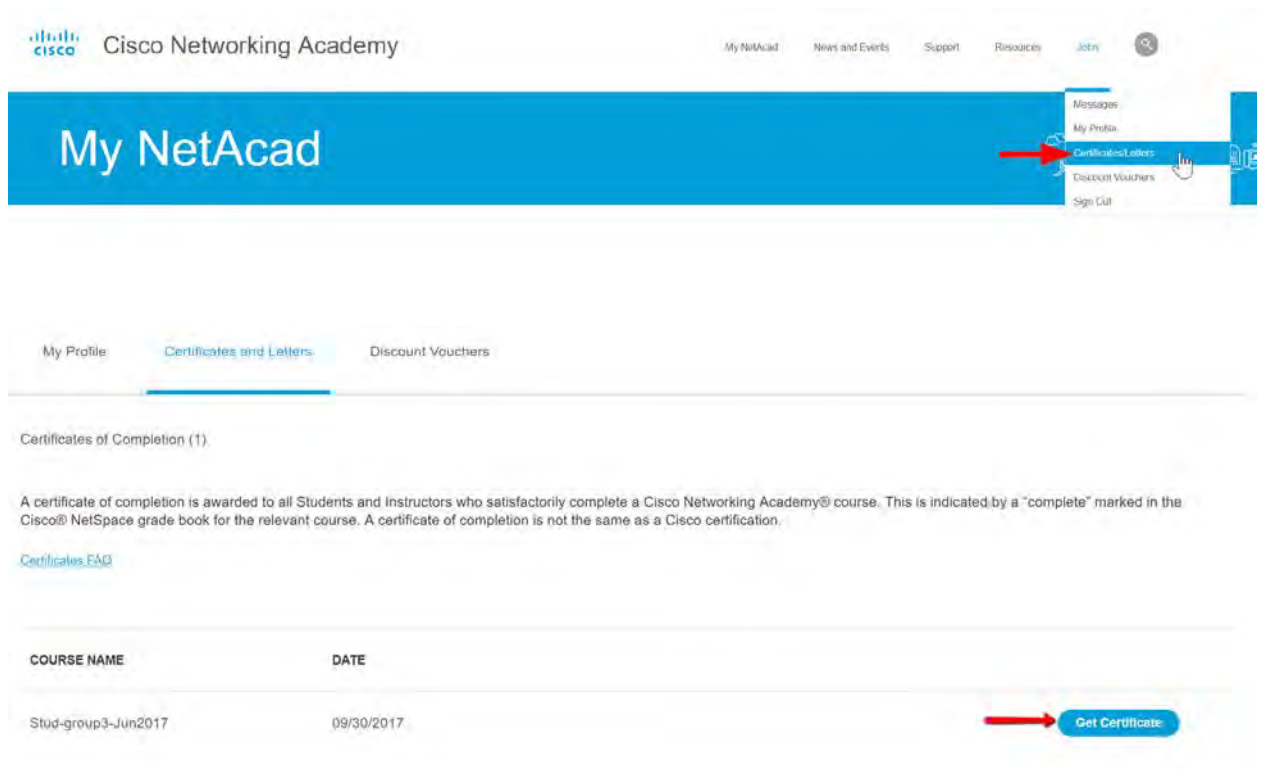

Take the course: read the content, take Quizzes to control your knowledge, take Assessments from the Assignments tab. After you are done with the course please fill the feedback form ("End of Course Feedback" under the Assignment tab) as it's required for receiving the Certificate of completion, which can be downloaded here:

This is an example of your personal Certificate:

Certificate of Completion

Presented to:

John Smith

Name

For completing the Cisco Networking Academy® Introduction to Cybersecurity course, and demonstrating the ability to explain the following:

- Global implications of cyber threats
- Ways in which networks are vulnerable to attack
- Impact of cyber-attacks on industries
- Cisco's approach to threat detection and defense
- Why cybersecurity is a growing profession
- Opportunities available for pursuing network security certifications
